Election of 16 Senators Slated for Oct. 13; Applications for Council Posts Available

Petitions for 16 Carbondale campus Student Council senator positions are now available at the information desk of the University Center.

Election of the senators was authorized at the Council's first meeting of the year Thursday night. The election will be Oct. 13. Petitions must be turned in to the information desk by Friday.

Candidates for election must be in good standing with the

University, have a 3.2 grade average, and be enrolled in the academic unit or a resident of the housing area they wish to represent.

Students elected will serve until the reorganized plan of student government is completed and goes into effect.

Senators will be elected from the following academic units and housing areas:

Agriculture, business, communications, education, gen-

eral studies, two home economics, liberal arts and sciences, technology, Vocational Technical Institute, fine arts, Woody Hall, married family housing, off-campus organized women, Southern Acres, foreign students.

A president, vice president and most housing area senators were elected last spring to represent the Carbondale campus on the University Student Council.

Car Registrations Increase 11 Per Cent

Council Votes Legality Study Of Cycle Tax

The Student Council voted Thursday night to appoint a committee to study the legality of the Carbondale tax on motorcycles.

George Paluch, student body president, said the annexation agreement, by which Thompson Point and Small Group Housing became part of Carbondale, is now being studied. The \$3.50 tax was passed last summer by the City Council.

In other action, the Student Council set Oct. 13 as the date for election of senators.

Petitions for student senators were made available Friday in the University Center. The deadline for returning petitions to the student government office will be Friday.

On recommendation of a student, the Council agreed to investigate certain street lighting situations near the campus.

Four appointments were made on the recommendation of Paluch. They were John Strawn, student rights commissioner; Beverly Bradley, national and international affairs commissioner; John Shaw, parking commissioner; and Howard Benson, elections commissioner.

A motion to establish outdoor student assembly areas for debates and meetings was referred to a committee for further study including any limitations that it might place on assemblies in the future.

A bill to increase the allocation to Ka was also sent to a committee when it was discovered that no one knew what the 1965-66 budget for Ka was.

Facilities of the student government were expanded when the Council agreed to use University Center activity Rooms F and G as student government offices.

The Council decided to withhold participation in the Associated Student Governments convention at Purdue University this year. Paluch said the association had been inactive and suggested that the Council investigate possible membership in the National Students Association.

Jack W. Graham, dean of students, welcomed the assembly.

Lake Swimming to End

Lake - on - the - Campus swimming facilities will close for the season Monday. Boating facilities will remain open until Oct. 18.

ALL THE COMFORTS OF HOME—John Koehn and Bruce MacCullum (on left) examine the flood waters from a curtain-less shower in Boomer

Hall. On the right Bruce MacCullum uses his bed as desk as well as a clothes rack.

(Photos by Hal Stoele)

Finishings, Furnishings

9 University Park Residents Want Out; Mice Scamper Over Wet Muddy Floor

"Danger—flood" and "We gotta get out of this place," are the signed sentiments of nine overassigned residents in Boomer I, men's residence hall in University Park.

The quotations are from signs hanging on their door, to warn visitors and enlist sympathy for their plight.

The "flood" is the result of showers without shower curtains. The students are now using a heavy make-shift door. They have been unable to get a mop to clean up the water, so have partially solved the problem by putting newspapers down.

The rooms are furnished with bunk beds, but have no desks, dressers or chairs. Students are living out of suitcases because the closets are not finished.

The only places to hang clothes are from the edges of the shelves in the closets or from the rods at the foot of the bunk beds.

This causes problems about laundry. For example, one boy is complaining that people keep knocking his shirts down

and tromping them on the wet muddy floor.

Mud-caked windows, a shortage of toilet tissue and no heat are other shortcomings which add to the problems of the basement residents at Boomer I.

Living conditions are similar for residents in the basement of Allen Hall.

JOHN KOEHN ... AND
MAKESHIFT SHOWER DOOR

Showers are flooding floors, closets are unfinished and, according to the residents, mice scamper about at night.

Clarence W. Thomas, area head for University Park, said, "I couldn't begin to tell you when the rooms will be completed."

He said the contractors are working as fast as they can, but there is no telling when the rooms will be finished. The Housing Office is trying to move the students to other accommodations as soon as they become available.

The rooms occupied by the students will later be used for recreation rooms or for supplementing student accommodations during fall term.

Law Admissions Test Scheduled

The Law School Admission Test, required of candidates for most American law schools, will be given on Nov. 13, Feb. 12 and April 9.

Students who want to take the test should contact Max W. Turner at the Department of Government.

Commuters Add Most To Figure

An 11 per cent increase in number of cars registered has been reported by the SIU Parking Section. Officials estimate that the number of motorized cycles has doubled since last year at this time.

A total of 5,736 cars has been registered compared to 5,168 cars at this time last year. The biggest increase is in commuter permits with the number of red commuter stickers issued increasing 54 per cent and silver commuter stickers increasing 39 per cent.

The large increase in commuter stickers for students living with their parents is considered by some officials as being more reflective of a stepped-up draft than merely an increasing enrollment.

Nearly all categories of stickers have shown increases with the exception of stickers for those married and over 25, those for Carbondale residents, and for vehicles in limited storage.

Stickers issued to married students have dropped by 40 per cent, resident stickers, 54 per cent and limited storage, 31 per cent.

Motorcycle registration has reached 934 so far. Estimates are that there is a total of 2,000 cycles on campus.

Total cycle registrations last year approached 1,000.

Bicycle registrations have been very slow this quarter with fewer than 25 bicycles being registered.

Bicycle registration is not mandatory, but is urged by the Security Office as a deterrent to bicycle thefts.

Gus Bode

Gus says one good thing about having so many deans and vice presidents is that he can always find one he can fool.

10 Seminars on Mexico Set As Latin American Series

The Latin American Seminars will be presented on Monday evenings by the Latin American Institute in cooperation with the Latin American Organization.

The topic for the seminars for the year will be Mexico. They will deal with aspects of geography, history, anthropology, sociology, language, and combinations of these disciplines, according to Reynaldo Ayala, assistant director of the institute.

The seminars, held at 7:30 p.m., will be conducted by members of the faculty who have special interest in Latin American affairs and by specialists from other universities.

Ten seminars are scheduled for the year:

Oct. 11: Morris Library Auditorium.

Nov. 1: Agriculture Seminar Room.

Nov. 22: Morris Library Auditorium.

Dec. 6: Morris Library Auditorium.

Jan. 10: Morris Library Auditorium.

Jan. 31: Morris Library Auditorium.

Feb. 21: Morris Library Auditorium.

March 7: Agriculture Seminar Room.

May 2: Morris Library Auditorium.

May 23: Agriculture Seminar Room.

WSIU to Begin

Fall Programming

WSIU Radio will begin its new fall schedule on Monday.

Two hours and 25 minutes of air time has been added to the schedule each day. Monday through Saturday the station will sign on at 8 a.m. and sign off at 12:30 a.m. On Sundays the station will sign on at 10 a.m. and sign off at 12:30 a.m.

The station has added a news program at 3 p.m. each day to round out its news coverage. Another part of this new programming features interviews with some of the top names in show business, such as Chad Mitchell, Woody Allen, Henry Mancini and The King Family.

WSIU will continue its coverage of major Saluki athletic events.

QUEEN CANDIDATES — These girls representing the five social sororities are competing for 1965 Teke Ole-Impics queen. Standing, left to right, are Dorothy Graham, Alpha Kappa Alpha,

and Jane Hughson, Sigma Sigma Sigma. Sitting, left to right, are Janice Sprague, Sigma Kappa, Jeramae Clark, Delta Zeta, and Marty Katzenmeyer, Alpha Gamma Delta.

Coronation, Competition Featured In Teke Ole-Impics at 1:30 Today

The 1965 Teke Ole-Impics will begin at 1:30 p.m. today in McAndrew Stadium.

A highlight of the afternoon will be the crowning of the

1965 Ole-Impics queen from a field of five contestants nominated by the five sororities and voted on by the eight fraternities.

The winner will be announced after the games. Eileen Brockway, Sigma Kappa, last year's queen, will crown the winner. The voting was held Thursday night.

Contestants from the sororities will compete in a sack race, a tug of war, a leapfrog race, a balloon race, and a spin-around game. Sigma Kappa won last year's games.

The games will be preceded by a parade from Greek Row past Thompson Point to McAndrew Stadium. The program is open to the public without admission charge.

The queen contestants are: Marty L. Katzenmeyer, Alpha Gamma Delta; Janice L. Sprague, Sigma Kappa; Jeramae Clark, Delta Zeta; Jane M. Hughson, Sigma Sigma Sigma; and Dorothy Graham, Alpha Kappa Alpha.

Mitchell Art Gallery Showing 'International Report' Exhibit

A group of 25 prints organized and circulated by the Museum of Modern Art is now on display in the Mr. and Mrs. John Russell Mitchell Art Gallery on the first floor of the Home Economics Building.

The exhibit is entitled "An International Report." Artists from Europe, America, South America, Asia and Australia are represented in this showing.

John Fox, new supervisor of the University Galleries, is responsible for obtaining the exhibit. Fox, a graduate student in the Department of De-

sign, received his BA degree from Ohio State and has worked as a display designer and teacher at Dartmouth University.

A collection of prints from Morris Library will go on display in the Gallery Lounge on the second floor of the University Center today. Later in the term students may rent them.

The present exhibit in the Mitchell Gallery will be on display until Oct. 18. On Oct. 20 a new exhibit will open in connection with "Vision, '65," a designers' convention.

Indonesia Rocked by Military Power Plays

KUALA LUMPUR, Malaysia (AP)—Forces loyal to President Sukarno routed rebels in Indonesia's capital city of Jakarta, the Jakarta radio reported Friday night, but military power plays continued to rock the island nation.

Broadcast accounts said Gen. Abdul Haris Nasution, Sukarno's defense minister, restored order in the capital and Sukarno was safe and well.

The uprising, however, was reported to have spread to central Java.

A lightning coup was launched Thursday night by Lt. Col. Untung, described as a battalion commander in Sukarno's personal bodyguard. His forces held power long enough to seize the Jakarta radio and announce the

formation of a Revolutionary Council and a 45-member Cabinet that included a dozen Communists.

Untung declared he had blocked a coup he said was planned against Sukarno by a "council of generals" and the American Central Intelligence Agency. He said the generals planned to stage an uprising Tuesday—Indonesia's Armed Forces Day.

Jakarta radio, after being retaken by loyal forces, quoted Naustion as saying there had never been any plan for an army revolt.

The Jakarta radio said the crack Siliwangi Division, led by Gen. Suharto and loyal to Sukarno and Naustion, captured the radio station after some fighting with rebels and said mopping up operations were under way.

There were conflicting reports from Radio Jakarta and broadcasts from Malaysia, a neighboring nation which Sukarno has vowed to crush.

Radio Malaysia, without specifying its source, said Naustion and his daughter had been wounded and said two of his generals—Lt. Gen. Achmad Yani, army chief of staff, and Gen. Pajaitan—were shot and killed by Untung's troops.

A Jakarta broadcast said Yani and five other loyal generals had been captured by the rebels and their fate was unknown.

A Malaysian broadcast also said:

"It has now been established that the events which took place in Jakarta Thursday were a Communist attempt to wipe out the top anti-Communist leadership in Indonesia."

Radio Malaysia reported the commander in central Java, a Col. Suhirman, had declared support for Untung and Gen. Suharto sent messages to officers in the region ordering them to resist any revolt.

Radio Jakarta reported police and navy units agreed to work with Nasution and the army, but there was no mention of the air force. Omar Dhani, air vice marshal, was listed as one of the top military men on Untung's revolutionary council.

The district commander in east Java pledged support to

Sukarno, according to a radio broadcast from Surabaya. There were no reports, however, on the reaction of military units in Sumatra, the Celebes and the larger islands. Army colonels staged an unsuccessful uprising in Sumatra in 1958.

Sukarno, 64, a theatrical politician who has controlled the 100 million Indonesians on Indonesia's 3,000 islands since the close of World War II, had been balancing the army against the Communists. But recently he has responded more frequently to the demands of the three million-member Communist party.

Washington Says CIA Had No Part in Coup

WASHINGTON (AP)—The State Department denied Friday any involvement of the U. S. Central Intelligence Agency in a government upheaval in Indonesia.

Press officer Robert J. McCloskey was explicit in calling untrue allegations of CIA involvement in the reported Jakarta military coup.

He declined to assess the over-all situation in Indonesia except to call it "extremely fluid and even confused."

Major interest here centers on the whereabouts and well-being of President Sukarno. Officials who closely follow Southeast Asian affairs long have held the view there would be no coup or power struggle so long as Sukarno is alive and well.

However, if Sukarno's health has faltered seriously, it might have spurred efforts to seize power from him.

McCloskey at his midday meeting with newsmen would say only that he has noted statements attributed to one of the coup leaders that Sukarno is "secure and healthy."

"But we have no independent information," McCloskey added.

He said he was unable to

evaluate the initial reports of a coup led by a lieutenant colonel or the later report of a successful counter-coup by Defense Minister Abdul Haris Nasution and a Gen. Suharto.

Indonesian Embassy sources here expressed confidence that Sukarno is alive and well, although no official communication "links" were said to be operating.

Suharto, a brigadier general, is reputed to be a close friend of the president.

U. S. analysts said recent events indicated that the Indonesian army is dividing within itself. This division set some groups of colonels and their followers apart from the generals.

In the past, the army has been looked upon as the strongest force in the country to resist a possible Communist takeover.

Mekong Delta Is Battle Site

SAIGON, South Viet Nam (AP)—Heavy fighting between hundreds of Viet Cong and Vietnamese troops in the swamps 50 miles south of Saigon was reported Friday by a U. S. military spokesman.

He called it one of the biggest battles in the Mekong River delta in months and said 68 Viet Cong bodies had been counted. In addition, 100 other guerrillas were believed killed or wounded.

Government losses were described as light to moderate.

The bloody fighting erupted Thursday and continued through the darkness into the early hours Friday, the spokesman said.

The battle, involving about 1,500 government troops and an estimated 1,000 Viet Cong, was in a swamp area about 20 miles west of My Thy.

The South Vietnamese took only light casualties in the fighting.

His Brandy's So Bad It's Almost Criminal

MOUNT HOLLY, N. J. (AP)—Thomas F. Bernat of Morristown, was arrested and charged with operating an illegal still.

Bernat pleaded innocent, telling Judge W. Thomas McGann that he was making blackberry brandy for his own consumption and not for sale.

Judge McGann said he believed Bernat was truthful, because investigators told him the brandy was so bad no one would buy it.

The judge released Bernat after fining him \$200.

"AND NOW IF THERE ARE ANY QUESTIONS..."

Stayskal, Chicago's American

Challenges U.S.

Castro Broadens Promise To Allow Cuban Emigration

MIAMI, Fla. (AP)—Fidel Castro said Friday the gates of Communist Cuba will be opened wide for any and all Cubans who wish to leave and challenged the United States to take him up on the offer.

The bearded primeminister, in what Radio Havana termed a reply to the U. S. State Department, said he was willing to discuss the matter through diplomatic channels, if the United States takes the initiative.

"If the government of the United States does not wish to air this question publicly, it is for it to give the pertinent instructions to the representatives of its interests in Cuba as they may solicit from the revolutionary government the information which is of interest in this respect," Castro was quoted as saying.

Officials Rush Plans For Pope Paul's Visit

NEW YORK (AP)—Government officials and Roman Catholic churchmen rushed final preparations Friday for the historic visit of Pope Paul VI to speak for world peace before the United Nations, and meet President Johnson.

The planning of the first papal trip to the United States stressed maximum exposure of the Pope to the millions of persons expected to see him Monday.

In addition to the U. N. speech and the Johnson meeting, the Pope will pray at St. Patrick's Cathedral, meet with U. N. dignitaries, visit with leaders of Jewish and Protestant faiths, celebrate a Mass for peace at Yankee Stadium, and view the World's Fair Vatican Pavilion.

Castro's latest offer was considerably broader than one he made Tuesday, when he said he would give free exit only to Cubans with relatives in the United States.

In Washington, officials of the Johnson administration said they still had not heard anything officially from Castro and would not reply until they do.

Romney Joins Anti-Birch Drive

CHICAGO (AP)—Gov. George Romney of Michigan said Friday that the Republican party must repudiate the John Birch Society and suggested expulsion of birchers who try to use the GOP for the society's ends.

Romney said that decisive action with regard to the John Birch Society can be taken now through effective employment of the National Republican Coordinating Committee. "As a minority party," he said, "we cannot afford divisiveness."

He said that the society's identification as a conservative Republican element, "if we face up to it and dispose of it, will be of minor importance" in next year's national elections.

Male Bunnies No Exception

Sex Discrimination in Hiring Is No Joke, Committee Says

WASHINGTON (AP)—A federal committee said Friday the problem of eliminating sex discrimination on the job is in danger of being turned into a national joke.

Secretary of Labor W. Willard Wirtz said the aim of the civil rights law to eliminate sex discrimination has been laughed off in many cases as a problem of hiring male night club "bunnies" or female stevedores for dock work.

"I like a joke as well as any one, but it is going to

be a real loss if it is taken as a national joke," Wirtz said.

The Interdepartmental Committee on the Status of Women, headed by Wirtz, said a real problem confronts the millions of women in industrial work whose pay is often far less than that of men doing similar jobs.

Wirtz presided at a news conference after a meeting of the committee and the Citizens Advisory Council on the status of women. The meeting was called to discuss the provision of the Civil Rights Act that went into effect July 2 banning sex discrimination on the job—as well as discrimination on the basis of race, color, religion or national origin.

Richard Graham, a member of the Equal Employment Opportunity Commission, said 155 complaints have been filed so far under the sex discrimination law—two of them by men.

"It does work both ways," said Graham. The Equal Employment Opportunity Commission was set up under the direction of Franklin D. Roosevelt Jr. to handle all types of job discrimination complaints under the new law.

However, sex discrimination on the job most affects women.

The law forbids public disclosure of specific cases under mediation or investigation, but Wirtz cited one case in which a woman trained a man to take over her job and the man then got a higher rate of pay than she received.

Graham cited other cases such as an employer who would not hire a woman with children and women being fired for getting married.

One of the complaints filed by men involved an employer who would hire only women for light assembly work.

The committee said the most serious problem of sex discrimination involves the 10 per cent of the nation's families headed by women.

Birthdays No Problem

For Philadelphia Man

PHILADELPHIA (AP)—John Owczarzak of Philadelphia has no trouble remembering birthdays in his family.

Last Wednesday, Sept. 29, his wife Barbara, gave birth to a daughter, Theresa. His wife also was born Sept. 29, 1939.

And Mrs. Owczarzak's mother, Mrs. Michaeline Jalkowski also was born Sept. 29.

What year?
"You don't ask your mother-in-law a question like that," said Owczarzak.

Army Engineer Reports

Developing Big Muddy River Termed 'Difficult, Costly' Task

The Big Muddy River basin of Southern Illinois is potentially one of the Midwest's wealthiest regions—but it would be a costly task to

develop it, an Army engineer said Thursday.

Col. James B. Meanor Jr. of St. Louis, district engineer, said the region's coal resources, its surplus labor and its nearby river transportation could serve as reasons for massive development aimed at encouraging industry.

Meanor addressed representatives of more than a dozen state and federal agencies who gathered at SIU to discuss their progress in surveys for a proposed barge canal into the region's mid-section.

He said few parts of the nation hold better prospects for economic stimulation for water and related land-resources development than the Big Muddy Basin, but warned that making good use of the opportunities will be an "extensive, difficult and costly" task.

The interagency meeting, held in the University Center with the School of Technology as host, was not open to the

public. Colonel Meanor described it as a "working" meeting, at which the various agency representatives would report on progress in their areas of the study.

He said the study is now nearing the end of its first critical stage in comprehensive planning, that of compiling data on economic characteristics of the area involved. Projections will be made to reflect reasonable conclusions about the future of the economy of the basin area at selected points of time, he said.

"We must then translate the needs of this economy for managed water into expressions of needs for flood control, water supply, water quality control, irrigation, hydroelectric power, fish and wildlife conservation, recreation, and other water and related land uses," Meanor said.

"Once the assessment of present and projected basin needs for products and services of managed water is determined, an inventory must be made of physical potentials for development of the basin's resources to meet these needs. We will also have to look at the possibility of out-of-basin potentials for meeting in-basin needs.

"When this phase of the study is completed, we will then enter the second critical stage in basin planning—that of detailed project formulation, to define through successive analytical steps the optimum and alternative plans of development to meet present and anticipated needs.

"Our goal must be to properly utilize the basin's natural resources through full utilization initially, or by planned increments of development, to meet the needs at selected time periods."

He said the plan must provide the greatest overall benefit to the basin, and all viewpoints, national, regional and local, will be taken into account.

"It must be kept in mind," Meanor said, "that federal responsibility in planning does not automatically establish a justification for federal participation in construction or financing, and that federal legislation recognizes a high degree of local responsibility for the solution of various basin problems."

WILLIAM HARDENBERGH

Nigerian Students Observe Fifth Independence Tonight

Nigerian students at SIU will observe Nigeria's fifth independence anniversary tonight at Morris Library Auditorium.

Nigeria's Republic Day falls on Oct. 1. In observance of the occasion the Nigerian Embassy in Washington, D.C., sent a Nigerian flag to the SIU International Students Center Wednesday.

The flag was brought by Michael A. Ojo, a Nigerian student at SIU. It was presented to the University by Moses Akpan, president of the Nigerian student group.

Robert Jacobs, dean of the International Services Division, will be one of the speakers for celebration. He will speak at 7:30 p.m. on "Educational Programs in

Nigeria since Independence."

Jacobs has visited the African country four times as a representative of the U.S. Agency for International Development to survey Nigerian aptitude testing units, and under a Ford Foundation grant, to develop the in-service language training program for civil servants in Nigeria.

William Hardenbergh, chairman of African Studies Committee will speak on "Nigeria: A Democracy." He has made several study tours to Nigeria.

Other program highlights include exhibits from Nigeria, refreshments, and presentation of documentary film on Nigeria.

The public is invited.

Chilean Musician to Be Guest At SIU While on U.S. Tour

Federico Heinlein of Santiago, Chile, will be the guest of SIU Monday through Thursday as a participant in the international visitor program sponsored by the State Department.

Heinlein, a native of Germany, is a music and ballet critic for El Mercurio, a daily

McLean to Speak At Sunday Supper

Milton McLean, visiting professor in the College of Liberal Arts and Sciences from Ohio State University, will speak on "The Impact of College Experience on Student Morals" at the Student Christian Foundation Supper Club, at 6 p.m. Sunday.

The talk will concern religion on the campus, student values, and how coming to college can change a student's outlook and moral ideas.

McLean, director of religious affairs at Ohio State, is organizing a nationwide conference on teaching religion in state universities. The conference will be held at SIU Nov. 4 and 5.

Supper will be served at 5:30 at the foundation and the cost is 50 cents. All students are welcome.

newspaper in Santiago, as well as theater critic for a German-language newspaper. He is a professor of chamber music, repertory and phonetics at the National Conservatory of Music in Santiago.

Accompanied by his wife, Heinlein will tour the campus and visit the Mitchell Gallery, the museum and attend the Opera Workshop.

He will lecture Tuesday on the Chilean art song. He will meet University officials during his stay.

Wednesday, the Heinleins will be guests at a faculty coffee hour sponsored by the Department of Music, Latin American Institute and the International Services Division.

The Heinleins will be in the United States until Nov. 7, visiting other universities and cultural centers.

Couple Sought For 'Life' Story

An SIU couple planning to be married before Oct. 24 may have the opportunity to be the subject of a six to eight page article in Life magazine.

The prospective husband should preferably be a freshman, and the bride should be employed and plan to continue working after the wedding.

The wedding and reception of the couple selected will be photographed by the magazine, and the couple will be questioned later about financial and other aspects of marriage.

Couples eligible for consideration should call the Information Service, 211 Anthony Hall, 453-2278.

Sale of Obelisk Scheduled at VTI

Alpha Delta Sigma, national professional advertising fraternity, will be selling orders for Obelisks from 11 a.m. to 1 p.m. Wednesday and Thursday in the cafeteria at VTI.

This will be the only time that the yearbook can be purchased on the VTI campus. However, sales will continue on the main campus until Oct. 16.

Obelisk sales will also be conducted from 4:30 to 6:30 p.m. Wednesday and Thursday in the cafeterias at Woody Hall, University Park and Thompson Point.

Correspondent From Peru To Visit SIU

Samuel Lozada Tamayo, chief of correspondents for La Presna, Arequipa, Peru, will be a guest at a coffee at 10 a.m. Monday in the Journalism Reading Room, H-10B.

Lozada is visiting the United States as a part of the Department of State's international visitors exchange program.

His main interests in the United States are American social and cultural life, and international organizations such as the United Nations.

Other interests are the workings of a large daily newspaper, and the organization of an industrial trade union and its relationship with management.

Lozada is also a practicing labor lawyer in Arequipa, and a professor of international and public law at the University of San Agustín.

Lozada was born on July 23, 1927, in Arequipa, and attended the University of San Agustín where he received his doctorate of law in 1956.

Meet the Faculty

Texan Jim Hart Is Named To SIU Journalism Staff

Jim A. Hart, former associate professor of journalism at Ohio University, has been named associate professor of journalism at Southern.

Hart was an instructor of journalism at Northern Illinois University and director of public information at Tarrant State College at Stephenville, Tex., before going to Ohio.

He received his B.A. and M.A. degrees from Texas Technological College and his Ph.D. from the University of Missouri.

From 1941-1945 he served as a lieutenant in the infantry in Europe and from 1948-1950 as a captain in the Texas National Guard.

Hart has written more than 50 free-lance articles in magazines and newspapers. His book, "A History of the St. Louis Globe-Democrat," was published in 1961. Hart has been listed in Who's Who in the Midwest and in Contemporary Authors.

He is a member of Kappa Tau Alpha, journalism scholastic honorary, Sigma Delta Chi, and the American Association for Education in Journalism.

Hart, born in Crowell, Tex., is married to the former LaRue Hardin of Sulphur Springs, Tex.

NEWS FROM PARIS - Francois Boe and his wife, Catherine, of Paris, read the latest copy of Le Figaro, a Paris newspaper, and one of 18 foreign papers in SIU's collection. Boe has a

Fulbright Fellowship and an SIU fellowship for graduate study in agricultural industries. Mrs. Boe holds a graduate assistantship in the Department of Foreign Languages.

Files Are Microfilmed

169 Newspapers Sent to Library Used by Researchers, Students

The 169 newspapers received by Morris Library are used by researchers and by students who want news from their home towns.

Eighty-two of the papers are from Illinois. "We would like to have at least one paper from each county," Ferris S. Randall, head librarian of the Carbonale campus, said.

The library is preparing to start observing National Newspaper Week from Oct. 10 through 16.

Pointing out the value of newspapers to historians and social science scholars, Randall said the University has spent \$65,000 in recent months for microfilm copies of back files.

Southern is cooperating with the State Historical Library in its long-range program of microfilming the back files of Illinois newspapers, and is furnishing the volumes of area publications which it has accumulated over the years, Randall said.

Students from other states and even from some foreign countries may also seek out hometown news in the library's newspaper collection, which includes 41 publications from other states and 18 foreign newspapers.

The oldest copy of a newspaper in the collection is a microprint of the Boston Newsletter dated 1704. Microfilm copies of the London Times dating from 1785, of the New York Times from its first issue in 1851 and of the Wall Street Journal from its inception in 1889 are available.

Newspaper files extending into the past offer the rich treasure of "living history" for researchers — both student and faculty, according to John Clifford, history scholar and social science librarian. Microfilm is the gift of modern technology that has enabled the library to secure about

Canadian Star

Shaughnessy Quits Track Team; Runners to Face Kansas Today

Southern's cross-country team will compete against the University of Kansas today without its star runner, Dan Shaughnessy.

Shaughnessy made good his threat to quit and return to his home in Alliston, Canada.

"He's been threatening to quit for some time," said Coach Lew Hartzog, "and I was getting tired of talking him out of it."

From the team's standpoint, Shaughnessy couldn't have picked a more inopportune time to quit. The team faces its toughest opponent of the season today in the University of Kansas.

Shaughnessy was being counted on by Hartzog to improve Southern's cross-

country fortunes this year. Last year as a freshman, Shaughnessy ran unofficially, and won every distance race he participated in.

Officiating is one way not to make friends and influence people, but the Missouri Val-

DAN SHAUGHNESSY

ley Conference officials are well paid for their work.

Every football and basketball official earns \$100 a game, plus expenses.

This is the fourth straight year that Missouri Valley officials have refereed games here. Previously, they were selected by the SIU athletic department.

Officials work as a team and are given assignments at the start of the season. Some are lawyers, doctors or businessmen who referee only as a hobby.

Another gymnastics championship at Southern this year? Southern is one of three universities in line for the women's national collegiate championships which will be held in March.

Women's gymnastics Coach Herb Vogel is currently in Lansing, Mich., attending the National Institute of Girls and Women's Sports, which will decide the location of the championship.

The University of Texas and Washington University of St. Louis are the two other universities being considered.

LITTLE MAN ON CAMPUS

NOW GET OUT THERE AND JUSTIFY THE FAITH IN YOU, YOUR FATHER'S FINANCIAL SUPPORT HAS GIVEN ME.

Running Stressed

Frosh Grid Team to Open Season at Home Monday

By Doyle Atmip

Southern's football yearlings will open their season against Southeast Missouri State at 7:30 p.m. Monday in McAndrew Stadium.

Using a wing-T offensive formation with a split end, the SIU first-year men will rely heavily on the above-average speed of their backfield in the first game.

"At the present time our front line is not too big, but as the season progresses the players should gain 10 to 15 pounds, making our line compare favorably with our coming opponents," coach Joe Lutz said.

Lutz joined the coaching staff at SIU at the end of the summer term. He will be head baseball coach in the spring.

Lutz will field an offensive line whose players will average 212 pounds. Jim Hudson, who will start at left guard, tips the scales at 240 pounds, making him the heaviest Southern player.

"We will depend primarily on a running game. I feel that our backs are pretty equal in size and ability. Therefore, each boy will get his share of the carries. All of our backs have above-average speed," Lutz said.

Injuries may hamper Lutz's chances of a clean sweep of opponents in his first year of coaching at SIU.

"We lost three boys who could have improved our starting lineup," he said.

Steve Hestilow, a 6-1, 218 pounder from Mount Prospect, suffered a broken ankle in an early season practice

session. The injury required surgery. Lutz said Hestilow would be unable to play with the freshmen this fall, but the bulky center will attend spring practice.

Keith Leigh, a possible starter at a halfback position, will be unable to play because of a broken arm. Leigh is a six-footer from Marseilles.

Franklin Owens, a standout prep athlete from Lexington, Ky., will be unable to dress for the season because of an ankle injury.

"We were counting heavily on Owen, who would have started at one of the tackle positions, but a bone injury failed to heal. However, I think he will be able to practice in the spring," Lutz said.

Southeast Missouri defeated Washington University 32-6 last week. Lutz said he expected the Cape Girardeau team to use some upper classmen against Southern.

"They will be playing their junior varsity unit against our freshman squad," Lutz said.

Cape will run its offensive patterns from a straight T-formation. It will allow the quarterback to use his halfbacks as runners or pass receivers.

Tom Gravitt, Robert Putman, Jim Hudson, Pepper Martin, Larry Rogers, Dan Ryan and Rick Steele will fill out the SIU starting offensive front line.

Tim Kelley will start at quarterback. Roger Kuba and Edward Wallner will fill the halfback positions, and Tom Wirth, fullback.

Chip Marlow and Kim Kimberlin are expected to see considerable defensive action.

Cyclist Program Planned by Club

Members of Cyclesport, Inc., a local motorcycle club which lists many SIU students as members, are currently meeting with officials of the Student General Affairs Office in an effort to acquaint students with proper use of motorcycles.

Joseph F. Zaleski, assistant dean of student general affairs, said a program is being developed to acquaint students with many abuses that are not easily recognized.

HELP STAMP OUT BULLETIN BOARD ADVERTISING

Bulletin boards! Bah! They're pretty unpopular around here, you know. Kind of give us an Avis complex. (We don't want to be number two.) But we can't understand it, either. Why do people advertise on bulletin boards? Newspapers are for advertising. And we think the Daily Egyptian is a better than average newspaper. And think about those 10,000 papers rolling off the presses every night (except for Sundays and Mondays), and those nice people reading it every day (upwards of 10,000; maybe 20,000.) And then think that it costs only a buck to place a classified ad (up to 20 words), and that you can reach many many more possible buyers or renters or helpers, and we doubt if you could understand it either. We want to make bulletin boards number two. So, please give us a hand. Place your classified ads with us. They're quick, efficient, and inexpensive.

SIU, Youngstown Clash at 12:45 p.m. in Ohio

SIU makes its first daylight game appearance when it faces Youngstown University at 12:45 p.m. today in Youngstown.

The Salukis enter the game

DON SHROYER

as slight underdogs, according to at least one forecast. The poll gives the Penguins a one-touchdown edge over Southern.

Both teams go into the game with 1-1 records. Youngstown lost to Morehead State 12-9 last week after beating Cen-

tral Michigan 35-14 the week before. The Salukis hold a 23-16 victory over State College of Iowa and lost 13-0 to Louisville a week ago.

It will be the first meeting between the two schools. Youngstown finished 6-1-2 last year and hasn't had a losing year since 1957.

The Penguins have been hobbled this year by the loss of three starters from the 1964 backfield. In their places Coach Dwight Beede will have to use some light, inexperienced backs who scored five touchdowns in the Central Michigan game.

The Penguins reportedly have a fine defensive unit led by experienced tackles and linebackers. The tackles are 215-pound Jacob Ferro and 240-pound Bill House, both defensive starters last year. Linebackers Ed Matey and Glenn Willis, who weigh 200 pounds each, also have a year's experience as starters.

Southern will attempt to puncture this defense with the passing of quarterback Jim Hart and an improved running game.

Hart already holds nearly every SIU passing record and is nearing Ron Winter's career total offense mark.

The running game, led by fullback Monty Riffer and halfback Hill Williams, has also played a part in Southern's

improvement this season. The Saluki offense has been fairly evenly balanced this year with 295 yards gained

rushing and 270 yards through passing.

Today's game will be carried over WSU-Radio.

Freshman Basketball Opens Here Dec. 10

SIU's freshman basketball team will open its 1965-66 season Dec. 10 with a home contest against Paducah Junior College.

Besides eight new prospects, Southern will also have a new coach in Jim Smelser, who guided the Independence Junior College club in Independence, Kan., to a 10-12 record last season.

The list of Saluki yearlings will include two Southern Illinois natives, Dick Garrett of Centralia and Lynn Howerton of Carbondale. Garrett guided Centralia's Orphans to the sectional tournament last year where they were defeated by the Marion Wildcats. Howerton's Carbondale club was beaten in the finals of the Murphysboro regional tournament.

Besides Howerton and Garrett, Smelser will have 6-4 Charles Benson of Atlanta, Ga., 6-4 Rick Brueckner of Nokomis, 6-3 Leonid Brown of Memphis, Tenn., 6-1 Creston Whitaker of Jacksonville, 6-3 Craig Taylor of Evansville, Ind., and 6-3 Willy Griffin of Detroit.

"They're all good prospects," said Smelser. "All eight are potential starters." Last year's freshman club finished with a 3-9 record.

with victories over Kentucky Wesleyan, Southeastern Illinois and Washington of St. Louis.

The Salukis will be seeking revenge in their first outing this season. Paducah edged last year's freshman club 63-59.

The freshman basketball schedule follows:

Dec. 10—Paducah Junior College—Home
Jan. 5—Paducah Junior College—Paducah
Jan. 8—Washington University—St. Louis
Jan. 10—Kentucky Wesleyan—Home
Jan. 15—Bradley—Peoria
Jan. 19—Evansville—Evansville
Jan. 22—St. Louis Baptist Junior College—Home
Jan. 27—University of Tennessee—Home
Jan. 31—Flat River Junior College—Home
Feb. 2—St. Louis University—Home
Feb. 5—Harrisburg Junior College—Home
Feb. 15—Kentucky Wesleyan—Owensboro
Feb. 19—St. Louis Baptist Junior College—St. Louis
Feb. 24—St. Louis University—St. Louis
Feb. 26—Evansville—Home

Autocross Scheduled Sunday By Grand Touring Auto Club

The Grand Touring Auto Club, Inc., will stage its first event of the fall term Sunday, an autocross at the Murdale Shopping Center.

The event will run from 11:30 a.m. until 2:30 p.m. Drivers will compete in seven classes, including categories for ladies, sedans and sports cars. Silver trophies will be awarded to winning drivers in the classes.

The club's October meeting will be at 8 p.m., Tuesday at Epps Volkswagen, Illinois 13 east of Carbondale.

A rally is scheduled for Oct. 10. The event will be followed by a picnic and will be run in two classes, one for beginning rallyists and one for experienced teams. Rally registration will open at noon at Epps.

Persons seeking additional information on the club's activities may call Mrs. Frances Walker, activity chairman, at 684-6651.

For More Spirit

Cheerleader Asks Fan Support At Southern's Athletic Events

"Out of courtesy to the team, students in the stands should cheer them on, whether we're losing or not," said Kathy Wolak, captain of the SIU cheerleaders.

Miss Wolak believes that this should be the attitude of every student and that the team will perform better if it has the support of the students.

"You could talk to any varsity member in football or basketball and he would tell you that they really appreciate cheers," said Miss Wolak.

"Last year, the cheerleading squad received a lot of complaints, but no one gave us suggestions for better cheers, even though we asked for them through the Egyptian," she said.

Although student spirit was at a low ebb last year, Miss Wolak feels that the many entering freshmen may add new spirit, and influence upperclassmen into taking more interest in the team.

Miss Wolak believes that

KATHY WOLAK

Greeks could also be another strong influence in raising student spirit. She plans to send circulars to all fraternal groups, urging them to sit together at the games, display banners supporting the team, and cheer as a group.

Four male cheerleaders may be on the SIU squad next winter.

"The fact that only four guys tried out is another indication of the low spirit here," Miss Wolak said. Last year 24 girls tried out for the squad, she continued.

Girls on the squad now include Miss Wolak, captain; Janice Ockerby, vice captain; Mary Jack Gilbreath, secretary; and Janis Minor, Bonnie Becks, Luella Dial and Beverly Karrackev.

Although the cheerleaders won't be attending any away football games, they will be going to the basketball away games.

When the girls perform for the next home game on Oct. 9 with Lincoln University, they will be wearing new uniforms with white skirts and inaroon sweaters.

Football cheers are kept short, so that the crowds can understand them, Miss Wolak said. There are only six cheers now, but more will probably be added by basketball season.

At a basketball game, the girls can make formations and do cartwheels and other stunts on the floor. The rough cinders at the stadium prevent this at

football games though, so the girls can only stand in line.

This year the girls will send a telegram to the Saluki foot-

JANICE OCKERBY

ball team, to wish luck on away games. They will also visit any hospitalized players.

On Wednesday and Thursday the cheerleaders will begin to work on precision in their cheers and movements, in preparation for the Lincoln game.

Miss Wolak said the girls have been practicing as much as eight hours a week for the past two weeks, but after the next home game, they will only require about two hours of practice weekly.

When asked if she thought that college people think they are too old to cheer at athletic events, Miss Wolak replied that she thinks this may have been a popular attitude, but now she feels that students are returning to the enthusiasm that was prevalent in the Roaring '20s.

"You were sort of pseudo-

MARY JACK GILBREATH

sophisticated if you didn't cheer, but I hope this has changed. I think students in the stands would get embarrassed when the Marching Salukis or a high school band outcheers them with about a fourth of the number of people who are up there in the stands."

Adviser for the cheerleading squad is Mrs. Elizabeth Kilby.

Student Injured In Car Collision

Kenneth M. May, 23, a graduate student in marketing, was injured in an automobile accident at 8:15 p.m. Thursday a mile west of the Interstate 57 interchange on Illinois 13.

He was taken to Marion Memorial Hospital for treatment of multiple fractures of the nose.

Mays was traveling east on Illinois 13 when his vehicle collided with a car driven by Owen C. Cox of Marion, who entered the highway in front of him. Neither Cox nor his passengers were injured in the accident.

Mays, who resides at 214 Birchland Lane in Carbondale, was on his way to Marion to visit his parents, Dr. and Mrs. Martin M. May.

Moslem Reception

The Moslem Student Organization will hold a reception for all interested students from 5 to 7 p.m. today in Room 215 of the Agriculture Building.
